

## 7<sup>th</sup> AIEAA Conference

### Program variations

#### **Thursday 14**

##### **Contributed session 1A - Agricultural policies and farm structure (17:15-19:15)**

The contribution “Agricultural policies and farmland abandonment processes: the Italian case” (Coppola et al.) has been cancelled.

##### **Contributed session 1C - Food systems (17:15-19:15)**

The contribution “Retailers' innovation to address food waste: An agent-based model” (Piras et al.) will be presented in this session.

The contribution “Consumers’ premium for fish products with health and environmental labels: Evidence from five European countries” (Menozzi et al.) will not be presented in this session but in the session “Fish and non-conventional products”(Friday 15, 14:30-16:30).

#### **Friday 15**

##### **Organised session 4 - Forest economics and policy (14:30-16:30)**

The contribution “New opportunities from the EU strategy 2020 for the forest sector and old rigidities of the forest national system” (Carbone) has been cancelled.

##### **Contributed session 3C- Fish and non-conventional products (14:30-16:30)**

The contribution “Consumers’ premium for fish products with health and environmental labels: Evidence from five European countries” (Menozzi et. al) will be presented in this session.

The contribution “Retailers' innovation to address food waste: An agent-based model” (Piras et al.) will not be presented in this session but in the session “Food systems”(Thursday 14, 14:30-16:30).

Please note that

the keynote speaker **Pierluigi Londero** (DG Agriculture, EU Commission) has kindly offered to talk about the latest developments of the CAP reform. On Thursday 14 at 19:15 pm, after the parallel sessions, we meet in Aula Magna for some questions and answers on this topic, as an "aperitif" to the social dinner.
