Call for Nominations

EAAE Publication Awards for 2015

You can now submit nominations for the Research Discovery Award and the Policy Contribution Award in honour of Giovanni Anania

The Publication Awards program of the European Association of Agricultural Economists (EAAE) recognizes professional excellence in research contributing to the advancement of knowledge in areas related to food, agriculture and resource economics.

The Publication Awards program of the EAAE includes three annual Awards:

- the Outstanding ERAE Journal Article
- the Research Discovery Award
- the Policy Contribution Award in honour of Giovanni Anania.

For the Outstanding ERAE Journal Article Award, all articles published in the Review in 2015 are automatically eligible. The recipient is selected by the ERAE Editorial Board; there is therefore no formal nomination procedure.

For the Research Discovery Award and the Policy Contribution Award *in honour of Giovanni Anania*, outstanding publications (articles or other publications) can be nominated by members of the Association, including self-nominations.

The EAAE is now seeking nominations in the two categories of *Research Discovery Award* and *Policy Contribution Award in honour of Giovanni Anania* for articles or other publications published in the calendar year 2015. Please don't hesitate to nominate your own publication or to nominate colleagues' publications.

Publication Awards are a quality signal from the profession. They are good for CVs!

The nomination procedure is very simple:

- **Send by email both your own contact details (as in your business card) and the article/report in pdf you wish to nominate, specifying the concerned Award (Research Discovery or Policy Contribution);**
- **Send nominations to the Secretary-General of the Association (eaee.lei@wur.nl) by the 30th of June 2016.**
- **Members of the current Publication Awards Selection Committee (see below) are not eligible to be nominated for an Award.**

Nominated publications can enter the selection process only if at least one of the authors is a member of the EAAE at the time the selection process starts.

The Award recipients are proposed by the Publication Awards Selection Committee. Recipients of Awards will be presented at the next EAAE triennial Congress in Parma, August 29 - September 1, 2017.

Chantal Le Mouél
EAAE President
Chantal.Lemouel@rennes.inra.fr

The Research Discovery Award

The research must be a significant contribution to the field of knowledge in any of the areas of agricultural economics. The work should demonstrate excellence in research and may deal with conceptual as well as empirical analysis of a relevant issue.

Entries must have been published in 2015. For journal articles the date of publication is that of the issue; articles available on line in their final form on the journal's web page, for which the 2015 issue in which they will appear is unequivocally known are eligible for the Award, even if the issue has not been published in print yet. Maximum one award is given.

EAAE members who wish to make a nomination for this Award (including self-nomination) should send the nominated article/report in pdf form together with their own contact details (as in their business card) to the Secretary-General of the Association (eaae.lei@wur.nl).

Publications nominated for the Research Discovery Award should be in the English language.

The Policy Contribution Award in honour of Giovanni Anania

This Award recognizes an outstanding publication contributing ex ante to, or analysing ex post, policy decisions. The purpose of the Award is to recognize excellence and encourage interest in applied economic analysis that can provide timely and relevant information for more effective policy debate and decisions.

Entries must have been published in 2015. For journal articles the date of publication is that of the issue; articles available on line in their final form on the journal's web page for which the 2015 issue in which they will appear is unequivocally known are eligible for the Award, even if the issue has not been published in print yet. Maximum one Award is given.

EAAE members who wish to make a nomination for this Award (including self-nomination) should send the nominated article/report in pdf form together with their own contact details (as in their business card) to the Secretary-General of the Association (eaae.lei@wur.nl).

Publications nominated for the Policy Contribution Award in honour of Giovanni Anania can be in any European language. However, nominations for publications which are not in English should, in addition, be accompanied by a short summary of the publication in English to assist the Selection Committee.

Past winners

The lists of past winners of the *Outstanding ERAE Journal Article*, the *Quality of Research Discovery* and the *Quality of Policy Contribution* Awards are available on the EAAE website (<http://www.eaae.org/>).

Publication Awards Selection Committee 2014-2017

The Publication Awards Selection Committee is composed of nine members. The Past President and President Elect of the Association, one of the co-Editors of the ERAE and the Editor of EuroChoices are ex-officio members of the Committee, with the Past President chairing the Committee; the remaining five members are appointed by the EAAE Board.

The Publication Awards Selection Committee remains in place for the Awards triennial period 2014-2016:

Jesus Anton (IFAD, Roma, Italy)
Martin Banse, (Thünen Institute, Braunschweig, Germany)
Sophia Davidova (University of Kent, UK)
John Davis (EuroChoices Editor)
Iain Fraser (ERAE Co-Editor)
Alan Matthews (EAAE Past President, Chair)
Daniele Moro, (Catholic University of Piacenza, Italy)
Tomas Ratering (Academy of Sciences, Prague, Czechoslovakia)
EAAE President Elect
